Make the Most of this Spring Semester

Make the most of your spring semester by getting more involved with the Geosciences department and CSU! Here are some great ways you can maximize your experience this spring:

1. Jump-start your career planning. Meet with Emily, our new advising intern, for some specialized career advice and plan to attend the Career Center events (including the WCNR networking dinner).

2. If you have completed an independent study or research project, apply to participate in the Celebrate Undergraduate Research and Creativity Showcase this spring: www.curc.colostate.edu.

3. Apply for a position with the Geosciences department! Submit an application for a position with our department online: http://goo.gl/forms/ENS2kDSu1B.

4. Get involved with the Geosciences Club. Check out their Facebook page (Colorado State University Geosciences Club) for upcoming events.

5. Attend department seminars. Come enjoy free cookies and a lecture on a Geoscience topic every Thursday at 12:30pm in NR 320!

Feel free to schedule a meeting with Emily or Jill if you’d like to discuss additional ways to get involved this spring!

March 1 – Deadline to complete CSUSA and FAFSA for 2016-2017
It’s about that time of year to start making plans for your living arrangements for next year. Are you debating where to live next year? Here are some things to keep in mind:

1. Proximity/Location – How close do you want to be to campus?
2. Cost – What works for your budget? (Keep in mind that living expenses will be included in your total costs of attendance for your financial aid award.)
3. Lifestyle – What amenities would you like to have access to?

If you are interested in learning more about living off-campus, be sure to attend the Off-Campus Housing Fair on February 10 in the LSC Ballroom. This is an excellent opportunity to learn more about housing options in Fort Collins.

If you’d like some legal advice regarding lease agreements, be sure to utilize the Student Legal Services office, which provides legal advice to CSU students.

Keep in mind that living on-campus is a great option for students. Research indicates that students who live on-campus report higher GPA’s than those who live off-campus. On-campus housing applications are now open; deadline to apply is Feb. 29.
