

**Warner College of Natural Resources**  
**Department of Fish, Wildlife, and Conservation Biology**  
**Major in Fish, Wildlife, and Conservation Biology**  
**WILDLIFE BIOLOGY CONCENTRATION**

A minimum grade of C (2.0) is required for all biological, mathematical/statistical, physical science, fish, wildlife, conservation biology, and natural resource courses used to meet graduation requirements for the Fish, Wildlife and Conservation Biology Major. The minimum applies to courses taken as substitutions for meeting these requirements.

<b>PROGRAM TOTAL = 120-121 credits</b>					

<sup>p</sup> This course has at least one prerequisite. Check the courses of instruction section of the catalog or <http://catalog.colostate.edu/> to see course prerequisites

<sup>1</sup> Students taking this biology selection should choose a botany related course in the electives options to meet botany/plant course requirements for certain federal positions related to wildlife, fisheries and/or conservation biology

<sup>2</sup> Select from the list of courses in category 3B of the all-university core curriculum (AUCC). Only 3 of the 6 credits required for the arts and humanities may come from the intermediate (L\*\*\* 200 and L\*\*\* 201) foreign language courses

<sup>3</sup> Students in the Honors Track 1 program must take HONR 499

<sup>4</sup> Students need to obtain registration override from the appropriate department to take this course

<sup>5</sup> Select from the list of courses in category 3C of the AUCC

<sup>6</sup> FW300 and FW 301 together count as one selection in this choice

<sup>7</sup> Select from the list of courses in category 3E of the AUCC

<sup>8</sup> Restricted to FW subject code, department travel abroad courses, taught by FWCB faculty. No transfer or substitute courses will be accepted

<sup>9</sup> Technical Electives are courses intended to expand students depth and breadth of wildlife biology and include any 300- or 400- level regular course with a BC, BMS, BSPM, BZ, CHEM, ESS,F, FW, GES, MATH, MIP, NR, NRRT, PH, RS, SOCR, STAT or WR subject code (excluding courses that end in -80 to -99); or SOCR240; other course with prior approval by department and advisor. Courses may not double count as technical electives and for other requirements in the major.

<sup>10</sup> Select enough elective credits to bring program total to a minimum of 120-121 credits, of which at least 42 must be upper division (300- to 400- level)
