**Research & Extension Experience for Undergraduates
Integrative Agroecology and Sustainability
Colorado State University – Summer 2019**

Application

The USDA NIFA Research and Extension Experience for Undergraduates (REEU) at Colorado State University (CSU) provides research placements for college-level sophomores and juniors* to participate in work addressing complex challenges of global food security and environmental change. In Summer 2019, student fellows will engage in eight weeks of research augmented with professional development opportunities.

Applicant Name: _____

Institutional Affiliation: _____

Current Mailing Address: _____

Email: _____

Phone: _____

Are you the first member of your immediate family to attend college?

Yes No

Anticipated Graduation Date?

Ethnic Background (check all that apply):

_____ African American _____ Asian American _____ Caucasian/White _____ Hispanic/LatinX

_____ Native American, Tribal Affiliation: _____

Other, please specify: _____

In a separate Letter of Introduction (limited to 300-500 words), please address the following:

- 1) What is your interest in the fields of agroecology and sustainability?
- 2) What aspects of the fellowship program most appeal to you? Why?
- 3) Discuss what you hope to gain as well as contribute to the fellowship program.
- 4) Describe any prior relevant academic, research, or work experience.
- 5) Finally, of the available REEU research opportunities at CSU in Summer 2019, please note your top three.

To complete your Application Package, please submit: this Application, your Letter of Introduction, a one-page Resume, two (2) Recommendation forms, and unofficial Academic Transcript(s) for all your higher education work.

Application Package Certification: I certify that all information for my Application Package is true and complete. If found to be otherwise, I will be removed from consideration.
