2a. SEARCH FOR FUNDING

NOTE: You should start your search for funding as early as possible. Some funding opportunities require applications up to a year ahead of the event. Every participant has the responsibility for finding their own funding. Colorado State University does not have scholarships to offer for participants in our courses.

STEPS:

- 1. Refer to the Center's funding guide [here](#) for ideas regarding possible sources of financial support.** Communicate with your professional and donor network, including within your organization, to identify opportunities.
- 2. Keep the Center informed regarding the status of your funding search.** Write the Training Coordinator at protectedareas@colostate.edu with an update regarding your funding status as your status changes.
 - If you find a source of funding that requires proof of acceptance to the course, please communicate with Training Coordinator to see if the Center can send you a letter of provisional acceptance. Occasionally, the Center can provide letters of provisional acceptance to applicants in search of funding. (*Note: If you receive a letter of provisional acceptance, it does not guarantee your spot in the seminar. You must still confirm a funding source and follow the instructions indicated in the letter of provisional acceptance*)

2b. SELECTION PROCESS/AWAIT RESULTS *(this step occurs concurrently with step 2a)*

STEPS:

- 1. The official selection process lasts 1 – 2 months after the close of the application window.** The center will send out official results after this time. If you have received a letter of provisional acceptance during the application period, be sure to follow through with the indications contained within your letter. If you have further questions or have not received an official communication, please write protectedareas@colostate.edu.

3. ACCEPTANCE

NOTE: For those who receive communication confirming their acceptance into the seminar, please review a summary of the steps you will be taking in coordination with the Center's Training Coordinator below. For those who were not accepted, we highly encourage you to apply again next year. In some cases, participants apply more than one time before being accepted. For those who have a letter of provisional acceptance, your status of acceptance can only be converted upon solidifying your funding and following the instructions detailed in the letter.

STEPS:

- 1. If you receive notification of acceptance to the course, you will need to do the following:**
 - Confirm your participation following the instructions included in your official acceptance letter.
 - Send your missing supplemental documents (if you have not done so already) to protectedareas@colostate.edu:
 - Copy of your passport valid for at least six months after your entry date to the USA.
 - Copy of your US visa valid throughout your proposed stay in the USA if you have one. (**NOTE:** If you do not have a visa, the Center will communicate with each participant to offer advice and provide you with a letter of support to the US consulate in your country. Please wait for this communication before applying for a visa at the US embassy.)
 - A photo of yourself to be used for the participant biography document that will be sent out to all participants and presenters before the start of the seminar.
- 2. After receiving confirmation of your participation, the Center will send you a detailed logistics letter highlighting the next steps that you will need to take to prepare for your trip to Colorado.** The letter will highlight the following topics:
 - Information about getting a US Visa (**NOTE:** Each participant is responsible for acquiring his/her own visa. Nonetheless, with more than

28 years of experience with international courses, the Center will provide advice and send each participant a consulate support letter to aid in your visa process.)

- Arrival and departure dates

 - Weather conditions during the seminar
 - General notes including information about emergency health insurance that will be provided to you during the seminar
- 3. The Center will be in communication with each participant to advance logistics in preparation for the start of the seminar.** It is important that each participant responds in a timely manner with the requested information so that the Center can make proper arrangements. The specific logistical tasks each participant will be responsible for are:
- Pay (or have your donor pay) the seminar fee before the deadline mentioned in your application letter
 - Acquire a US visa (if you do not already have one)
 - Acquire a passport (if you do not already have one)
