

Geosciences Departmental Requirements for Graduate Program Completion

AFTER satisfying all the following Graduate School requirements:

- GS25 Application for Graduation
- GS24 Report of Final Examination Results (two-day deadline for submittal after date of defense)
- Online submittal of your Thesis/Dissertation (final version, approved by your Committee - GS30)
- Notice of approval and acceptance of Thesis/Dissertation by Graduate School

THEN the following final steps must be completed at the Geosciences Department level:

- Clean out your office space, remove rock samples or arrange a storage solution with your advisor.
- Return all keys to the front office.
- Return all CSU equipment (e.g., laptops) to your advisor.
- Send a pdf copy of your Thesis/Dissertation to the graduate coordinator (final version approved by the Grad school).
- Complete the Graduate Student Exit survey, available at [CSU Graduate Student Exit Survey](#)
- PhD students only need to complete the [NSF PhD Survey](#)

Once completed, send your GS25B to the front office for signature and submission to the Graduate School for final clearance of program requirements.
